WARREN BUS STRIKE ENDS; LIGHTS DIM

Conservation Is Urged As Power Strike Goes Unsettled

(By Associated Press)
WARREN, Oct. 8.—A nine-day strike of bus drivers and garage-men of the Warren Transportation Co. will end tomorrow and public transportation facilities in this city of 55,000 will virtually return to normal, officials of the bus drivers independent union reported today.

George Wilkes, president of the independent union, said unionists voted today to return to their jobs at 5:30 a. m. tomorrow in a move designed to halt a jurisdictional dispute with the AFL Motor Coach Employees union.

Quit Sept. 30
Members of the AFL union and independent unionists, both of whom claim a majority of the company's workers, walked off their jobs Monday, Sept. 30.

AFL unionists struck to enforce demands for a company-union contract and independent drivers walked out a few hours later in protest against AFL picket lines.

Wilkes said the return-to-work vote resulted from a ruling by Common Pleas Judge Lynn B. Griffith limiting AFL pickets at the company's garage and at bus stops.

Meanwhile, a power blackout loomed in Warren and nearby Niles as the Ohio Public Service Co. asked eight northern Ohio cities to conserve power during a strike of CIO unionists at the firm's Warren plant.

Conserve Power, Is Plea
The company appealed to its consumers in Elyria, Lorain, Sandusky, Mansfield, Port Clinton, Ashland and Alliance to forego unnecessary use of power after the strike by CIO utility workers forced industries here to curtail production and lay off some workers.

There was no immediate request for similar conservation in Massillon and Marion, also served by the OPS.

The CIO utility workers struck yesterday to enforce demands for an 18-cent hourly pay increase. E. L. Franklin, general manager of the OPS office in Warren, said present wage rates ranged from 80 cents to \$1.50 an hour.

Ohio Public Service Co. serves about 150,000 outlets, Vice President M. W. Thernes said at Cleveland. Of this number, more than 100,000 are affected by the plea for major consumers asked to cut back their use of electricity was the Erie ordinance depot near Port Clinton.

Affected in the Warren-Niles area were approximately 70,000 residents and numerous industries. At least two plants—Republic Steel Corp. and the Thomas Steel Co.—laid off "dozens of workers" because of the power supply and suspended several finishing department operations.

Mullins Operates
Republic placed in operation a company-owned electric generator to help maintain its output and planned to operate a second.

B. N. MacGregor, general manager, said the Packard Electric division of General Motors was operating on an "hour-to-hour basis."

Coppedwell Steel Co. and Mullins Manufacturing Co. reported it was not definite how soon they would be affected, while Federal Machine & Welder Co. and Peerless Electric said conditions there still were normal.

2 KILLED IN AIRLINE CRASH

Forty-four Other Passengers Are Unhurt In Forced Landing

(By Associated Press)
CHEYENNE, Wyo., Oct. 8.—Two passengers from among 46 persons aboard a San Francisco to Chicago United Air Lines Mainliner were killed early today when the four-engine ship crashed on the Fort Warren military reservation a mile and a half northwest of Cheyenne.

Coroner Wesley Schrader announced that one of the dead was William Wang, about 38, of San Francisco. The other victim was a woman about 50 years old. Efforts to identify her have not proven successful.

United Airlines officials announced that only two or three other passengers were hospitalized, and their names and the extent of their injuries was not immediately known.

Two Infants Unhurt
Other passengers, including two small infants, escaped injury and were at the airport awaiting transportation in another plane to continue their trips according to company officials.

What caused the plane to crash as it approached the airport for its only stop between San Francisco and Chicago, was not immediately known. The accident occurred about 4:33 a. m. (MST).

Pilot of the ship was UAL Capt. L. H. Smith. Other crew members, who along with Smith escaped injury, were J. L. Buchanan, co-pilot; Margaret Ford and M. L. Cerney, stewardesses.

Sheriff Norbert E. Tuck said the large plane broke in two when it crashed on the military reservation not far from the post ammunition dump.

All cargo and mail was saved.

Civil Aeronautics authorities, who started an immediate investigation after there was a light fog and a 400-foot ceiling.

The site of the accident was only a mile and a half northwest of the United Airlines field.

Salem Ministers Re-elect Dr. Scott

Dr. James A. Scott, pastor of the Methodist church, was re-elected president of the Salem Ministerial association at a meeting Monday in the public library assembly room.

Rev. Charles Dalley of Damascus and Rev. R. J. Hunter, pastor of the First Baptist church, were re-named vice president and secretary-treasurer, respectively.

Rev. David Molyneux, pastor of the Presbyterian church, was chosen publicity chairman.

E. S. Kerr, superintendent of schools, discussed the proposed building plans for Salem's schools as outlined by the board of education.

There was a general discussion of the advisability of religious instruction in the schools.

Plans were made for the annual Thanksgiving service at 9:30 a. m. Thursday, Nov. 28, in the Christian church. Music will be provided by that church. The speaker will be announced later.

Charles R. Haldi was elected president of the Salem Business Bureau at the annual election of officers Monday noon in the Lape hotel. He succeeds Harold D. Smith.

Other officers for 1947 are: Vice president, E. M. Stephenson; directors, George Gloggan, H. I. Hine and Harold Smith.

Plans for the Community Chest drive were outlined by Campaign Chairman J. B. Martin, the City hall bond issue was presented by Councilman Ned Massa and Supt. E. S. Kerr explained the bond issue for more grades schools.

Parade To Open Chest Drive
Martin announced that a parade would precede the opening of the Chest campaign, with a dinner meeting next Monday night in Memorial building for team workers.

The teams will start out Tuesday morning to raise the \$32,059 goal.

Kerr explained that more elementary grade rooms are needed to provide for heavier enrollments in the next five to six years foreseen by statistics. This year 224 youngsters started to school whereas only 198 were expected.

That increase will become much greater from year to year for at least six years and unless more rooms are provided, no space will be available. This year two rooms at Reilly school, used for other purposes, had to be turned into classrooms, and at Fourth st. school two rooms have been provided in the basement.

Additional Rooms
The \$750,000 bond issue would provide four more rooms at McKinley, four more at Prospect, 12 at Reilly, and the construction of a new eight-room building in the northwest section of the city. The net increase in rooms at Reilly would be only four, as the eight-room Columbia st. school, too old to be reconditioned, will be abandoned.

This program also provides for kindergartens in each section of the city, and a gymnasium in the Fourth st. building.

Massa recalled that the old City hall, built in 1847, has been condemned by the state fire marshal and must be razed. Plans to build a new City hall and fire station just south of the business district were outlined by city council because the present site is not adequate for needs of the future and to get the fire department away from the hazards of heavy downtown traffic.

Plans of City Hall
The \$160,000 bond issue would provide for a new brick structure at the southwest corner of Broad-

Nine Drivers Fined On Patrol Charges

Nine fines were issued, Monday in district courts as a result of charges filed by state highway patrolmen. The fines totaled \$165 and costs.

John A. Crites, 24, of Mogadore, and Milton Postich, 22, of Midland, and James Stewart, 46, of Harrisburg, were each fined \$20 and costs in Mayor Hugh Dickson's court, Canfield, on charges of speeding.

August Liedel, 26, of Toledo, and Oren Shankman, 26, of Mantua, were each fined \$5 and costs by Mayor Dickson for not having driver's licenses.

Russell Nauman, 51, of Canton, charged with driving on the wrong side of the road, pleaded guilty before Mayor Dickson and was fined \$25 and costs.

Gus Christofiris, 26, of Columbiana, was fined \$25 and costs by Mayor K. T. Gormley of Columbiana on a speeding charge.

Edward Tullis, 63, of Rogers, was fined \$25 and costs by Mayor Gormley on a charge of reckless operation resulting from a minor accident near Rogers Sunday evening.

Markus Allman, 31, of Benton Harbor, Mich., drew a \$15 and costs fine from Mayor E. F. Harmon of Sebring on a charge of speeding.

Set for Maiden Trans-Ocean Trip—Six Years Late

Her maiden transAtlantic voyage delayed six years by the war, the U S Lines luxury ship America will sail for Europe at last. The America, brand new in 1940, made only a few coastal cruises before being stripped of her handsome fittings, renamed the USS West Point and pressed into war service as a transport. Our largest troopship, she carried nearly half a million fighting men to world war fronts. Photo above shows the America at Newport News, Va., after her reconversion.

TAX FUNDS IN COUNTY SPLIT

School Districts Take Biggest Share In Latest Settlement

Final settlement of the August real estate tax collection amounting to \$757,966.21 was made today by County Auditor I. J. Vorndran when he placed checks in the mails to the various taxing districts of the county.

The sum represents an increase of \$99,762 over the corresponding collection last year, and is slightly less than the \$858,321.56 settlement following the February settlement this year.

The decrease is attributed to the fact that many persons make full payment for the year at the first tax collection period. The total collection of \$1,617,787.77 for this year, however, represents a \$43,859.29 boost over last year's collection.

School districts, for which the greater part of taxes are levied, received \$421,031.57 in the settlement made today, while cities and villages received \$172,590.09, and the township subdivisions, \$48,312.62.

The county general fund received \$101,553, county board of health, \$4,106.92, auditor and treasurer fee funds, \$4,773.77 each, and the county general fund for election expenses, \$118.50.

East Liverpool's city government shared in the settlement to the extent of \$84,153.92, and city schools received \$134,622.45.

Salem city received \$35,660.53, and school, \$72,346.28. East Palestine, \$18,105.08, schools, \$27,214.72. Wells-ville, \$16,017.14, schools, \$32,737.54. Lisbon, \$5,467.55, schools, \$15,900.10. Columbiana, \$4,444.78, schools, \$23,150.

ASKS COUNTY TAKE OVER LISBON BRIDGE

LISBON, Oct. 8.—Village council Monday night passed an ordinance instructing the city solicitor to petition the county commissioners to permit a change in this community's corporation limits.

The change would move the corporation limit from the west end of the Canton bridge to the east end of the bridge, thereby making the bridge a county liability so that state aid in repairs can be secured.

The solicitor will take the matter up with the commissioners at once since repairs to the 809 foot bridge are sorely needed.

Goering Sees Wife, Weeps, But Nazis Usually Stoical

NUERNBERG, Oct. 8.—Herman Goering wept quietly—the only break in his otherwise rigidly correct deportment—as he packed away his pictures of his wife and daughter to be sent to them after his execution. Nuernberg jail official said today.

With a week of life remaining to them, all of the Nazi leaders condemned by the international military tribunal to be hanged, generally are maintaining their dignity and discipline. Maj. Frederick Teich, a security officer, told a news conference.

With the exception of the single breakdown when he regarded the photographs of his wife and daughter, Goering's deportment has been impeccable, Teich said. But both he and former Foreign Minister Joachim Von Ribbentrop need sedatives nightly to get to sleep.

Former Nazi Labor Boss Fritz Sauckel has broken into tears several times. He was calm throughout the hour's visit allotted his wife, the mother of his 10 children, this

morning, but when he returned to his cell, he paced up and down swiftly.

Sauckel has displayed the lowest spirits of all these condemned men. A man who scarcely touched a pen throughout his trial, he now is writing a letter a day.

Julius Streicher, surly Jew baiter, continues to grumble constantly. Like several of the others he is engaged in writing voluminous memoirs—verbose affairs running into hundreds of thousands of words. The rest of the condemned men spend most of their time reading.

Goering saw his wife, Emmy, for an hour yesterday, and Hjalmar Ernest Kaltenbrunner saw his mistress, the mother of his twins, for the first time since he was jailed.

The visits were arranged in a special room with screen and glass.

School Board One Step Ahead Of Boosters Club Suggestions

The board of education Monday night considered six suggestions from the Salem Boosters club and instructed Clerk George Koontz to answer the requests by letter.

The Boosters had requested that (1) consideration be given to the construction of a new fieldhouse; (2) repairs be made to Reilly stadium seats; (3) buses carrying visiting teams to Reilly stadium be allowed to unload near Reilly school; (4) weather protection be provided for the club's camera man at football games; (5) adequate dressing rooms be added at the stadium for the home and visiting teams and assured the board and the Boosters that one would be employed as soon as a qualified person is found.

Fieldhouse Project Shelved
The board gave careful consideration to the proposition of building a new fieldhouse in its recent request for a bond issue from Salem voters, but found the costs needed to bring the grade school system up to date prohibitive to erection of a fieldhouse at this time.

Board members explained that the \$750,000 issue requested is near the legal limit for an issue here, consequently, they could not set their way clear to include a fieldhouse or a new high school in the total issue.

The bond issue will provide additions to existing grade buildings, plus a new building in the northwest section of Salem.

Music Instructor Sought
Supt. E. S. Kerr said he is seeking an instrumental music teacher at the present time and assured the board and the Boosters that one would be employed as soon as a qualified person is found.

Walter Regal, former music instructor in Junior High, resigned in mid-August.

The board is planning to make additions to the dressing room facilities at the stadium soon.

The reply will be forwarded to the Boosters at their weekly meeting Thursday, Koontz said.

The board approved the hiring of Mrs. William Baker as a part-time teacher at Junior High school, Charles H. Ward as a high school janitor, and Miss Marjorie Willis as secretary to Principal Beman Ludwig at the high school.

Supt. Kerr reported that new steel lockers have been installed at the Junior High school, work is proceeding on the new "health room" there and that extensive maintenance work is being done on the large sanitary sewer which empties underground near the front of the high school.

The board approved a trip by Principal Ludwig to the state principal's meeting in Columbus, Oct. 18 and 19.

Hayes and his deputies Monday afternoon searched the home of Mr. and Mrs. Leontidus Whittson, Lisbon, Negroes, and found nearly a carload of stolen property hidden on the premises.

Leontidus and his wife are held on \$2,000 bond on charges of breaking and entering the John Crowl farm, west of Lisbon, and concealing stolen property.

Sheriff Hayes said a large quantity of new wrenches, tools, brake linings, paring knives, hunting knives, two gasoline motors and numerous other articles, apparently stolen from auto accessory stores, were uncovered at the home.

One motor was buried in a hay stack and another hidden inside a dog house, the sheriff said.

Four pieces of furniture had been stolen from the Crowl place, Hayes said.

Gov. Lausche Calls For Meat Probe

(By Associated Press)

COLUMBUS, Oct. 8.—Gov. Frank J. Lausche today asked the federal government to step in and make an investigation of the meat shortage in Ohio.

He also said he was instigating immediately an investigation of his own.

In telegrams to Attorney General Tom Clark, J. Edgar Hoover, head

COLUMBUS, Oct. 8.—Thomas J. Herbert, Republican nominee for governor, today declared the action of Gov. Frank J. Lausche, his Democratic opponent, in ordering an investigation of the meat situation in Ohio to be "nothing more nor less than a desperate man's frantic appeal for votes."

of the FBI and Secretary of Agriculture Clinton Anderson, Gov. Lausche said:

"The meat shelves of Ohio are bare. Word is current that the available meat supply has been artificially kept from the market. Whether this is true or not, I do not know. The people are entitled to know the facts."

Cold Storage Reports Sought
"I therefore urge that a speedy determination and investigation be made to ascertain the facts and prompt disclosure be made to the public so that they will know the true situation."

In his investigation, Gov. Lausche called for reports from cold storage plants in the state.

Latest reports from 39 of 53 warehouses which filed quarterly reports as of Oct. 6 disclosed little or no meat in storage, he said. There was an increase in the amount of fish, poultry, butter and eggs in storage, he added.

After a conference with B. P. Sandles, assistant state director of agriculture, and George W. Owen, assistant chief of the division of food and dairies, the remainder of the 90 storage warehouses were asked by telegram to submit their quarterly reports immediately.

Quarterly Reports Made
Under state law, the warehouses must report the amount of provisions sold and the amount on hand every three months.

Attention first will center on the July 6 report as compared with the Oct. 6 report, the governor added.

A spot check also will be made by state inspectors.

The governor pointed out that a paradoxical situation existed in meat holding reports.

Although 39 cold storage plants reported virtually no meat holdings, some others reported increases in beef stocks but declines in pork.

The Sheriff st. market, a Cleveland cold storage plant, reported total meat holdings of 980,459 lbs. on July 6, compared with 1,118,699 lbs. on Oct. 6, he said reports showed.

Some 400 private lockers in the 90 warehouses are not affected by the investigation, the governor's office said.

FIRST ACTION TAKEN TODAY BY COMMITTEE

Advisory Group's Petition Is Approved By 11 To 1 Vote

(By Associated Press)
WASHINGTON, Oct. 8.—The fight for decontrol of beef headed for a showdown today when the beef advisory committee formally authorized filing of a petition to remove price ceilings from cattle, beef and veal.

The committee voted 11 to 1 to petition for decontrol, and authorized Robert G. Thomas, executive vice president of the Lima Packing Co., Lima, Ohio, and Roscoe G. Haynie, committee chairman and vice president of Wilson & Company, Chicago, to sign the appeal.

Haynie told reporters that the petition will be based on a contention that, under terms of the Price Control act, beef is eligible for decontrol. One eligibility requirement is that beef cattle be in ample supply.

Haynie declined to name the committee member who refused to vote for a decontrol petition. However, he said the member felt that this is not the proper time for the action.

Draft New Regulations
An OPA official told reporters the agency now is working on new regulations which he said deal with distribution of meat supplies and increases in prices on some meats.

The decontrol action came as the War department announced that negotiations are under way for a "loan" of 20,000,000 pounds of beef belonging to Great Britain to meet requirements for troops overseas.

Secretary of Agriculture Clinton P. Anderson has virtually committed himself to rejecting the petition. The next step would be an appeal to the independent decontrol board.

Aides of Anderson reported meanwhile that the secretary is awaiting White House reaction to the proposals he discussed with President Truman last week for putting meat back on the nation's dinner tables.

The subject of federal seizure action was raised by Sen. Green (D-RI) who told reporters he thinks the government should take over any excess stocks of meat found in packers' warehouses.

Urges FBI Probe
Green also said the Justice department should investigate whether there is a conspiracy to withhold meat from consumer trade channels.

"There are reports that packers and cattle feeders are striking, hoping to break OPA," the senator asserted.

Elsewhere on the meat and food fight there were these other developments:

1. The government said the continuing transportation crisis will interfere with the movement of food and other farm products next year. No shortage of livestock cars was predicted, however.

2. Mr. Truman said this country will always be able to feed itself, as well as others. The chief executive made no reference to the current meat situation, however, in his brief talk with state representatives of the Agriculture department's production marketing administration.

The Agriculture department has reported a tendency on the part of some livestock men to hold meat animals for possible higher prices.

Under the new price law, an industry advisory committee may petition Anderson for decontrol, although the secretary has said that any such petition must be based on the ground that supplies are sufficient to meet requirements.

U. S. Pottery Dominates Domestic Market, Claim

WASHINGTON, Oct. 8.—Pre-war consumer preference for foreign-made chinaware "will be altered considerably," the Department of Commerce predicted today, with American manufacturers obtaining a bigger share of the domestic market.

Before the war the U. S. market was largely supplied by imports from England, France, Japan, Czechoslovakia and Germany. Domestic producers supplied an average of only about three per cent by quantity and 10 per cent by value.

However, when exports were shut off, domestic manufacture increased from the 100,000 to 200,000 dozen pieces of pre-war years to approximately 700,000 dozen pieces annually by 1943.

No Tolerance Allowed

It is typical of the thinking of the times that more attention is being given the Germans who escaped death sentences from the Allied tribunal at Nuremberg than is being given the doomed majority.

There is a special kind of uproar directed at the three men who were given freedom—Schacht, Fritzsche and von Papen. Their release was contrary to the will of the Russians, who would have preferred to execute the whole group with no trial and no chance to determine degrees of guilt. This happens to be a point of view shared by many Americans.

It is a curious circumstance that so many Americans should be willing to abide by the doctrine of absolutism that has been exhumed from the dead past to enslave a modern world. In Mussolini's Italy, in Hitler's Germany, in Tojo's Japan, in Franco's Spain, there was no dissent, no shades of opinion, no degree of guilt. There was an official point of view and no other. The dictator's word was final. Recently it has been evident that it is just as final in Russia as anywhere else, a circumstance that has made Americans skeptical of their ability to get along with a government which cannot tolerate any point of view other than its own.

Russian Communists and their agents in other countries see every question as a decision between black and white. If you are not with them, therefore you are against them and must be regarded as an enemy. Having no tolerance, they expect none. Granting no mercy, they expect none. Americans who have found themselves these last few days agreeing with the Russians that all Nazis should be killed might speculate profitably on the difference between government built on the rights and dignity of individual men and government built on the proposition that individual men have no rights and no dignities that cannot be overridden at will by an absolutist state.

Who's A What?

Movie actress Myrna Loy, whose name sometimes has been included in speculative lists of Hollywood's shoeing-pink fringe, seems about to force an overdue showdown on the definition of an overworked term.

Complaining that a film trade publication called her a Communist of the capital C variety, Miss Loy has opened a million-dollar libel suit on the ground that the publication's statement was made with intent to injure her.

Collection of damages on this ground would be a legal precedent with repercussions reaching all the way from Hollywood to the Kremlin. It would establish a point that has been kicked about so recklessly and so continuously that almost no one can say with any assurance what it means to be called a capital-C Communist in the United States. It might even shed light on what it means to be called a lower-case communist.

The only distinction between the two at present is that a Communist is a member of a political party of that name, whereas a communist is a person suspected of having communistic leanings. But a person with communistic leanings cannot very well sympathize with the Communist party, which takes its line from the Communist dictatorship of Russia where lower-case communism is virtually unknown, according to the Russian Communists themselves. This puts both Communists and communists in the United States in the curious position of pointing to Russia as the advertisement of a set of beliefs which are not practiced in Russia. It is confusing. If Miss Loy and her lawyers can help straighten it out, and particularly if they can shed some light on who's a what when the name-calling starts, it would be worth a million dollars.

There Have Been Changes

The English people will receive the Duke and Duchess of Windsor with no less cordiality in 1946 than in 1937, when the Duke abdicated as King Edward VIII to marry "the woman I love," Mrs. Wallis Warfield.

The only question in the famous couple's experimental return is what the English politicians will say and do—and the question does not loom large. There have been changes since 1937.

World War II has been fought. Great Britain, battered, is still intact. A labor government has been given responsibility for cleaning up the wreckage of the nearest approach to disaster since 1666.

Hundreds of thousands of fighting men, technicians and specialists from the United States have been in and out of the British Isles in an endless procession since 1940. An American is no longer a stranger breaking into British isolation, but a citizen of Britain's only major ally.

A British king and his queen have dodged demolition bombs, buzz bombs and rockets. British aristocracy has pitched in to help British masses prepare to fight "on the beaches, in the towns and in the hills." The common denominator of common danger has reduced a lot of diverse elements in British politics. An American bride for a British king did not disturb the little people of Britain seriously in 1937. In 1946 she may not disturb the big people at all. Nine years is a long time in which to forgive, forget and reappraise.

Back Where They Started

A lot of foul balls have gone into the screen since 1903 when the first world series was played in Boston between the Beaneaters and Fred Clarke's doughty Pittsburgh team. Despite Hans Wagner's 362 batting average, the Boston boys were too strong, and besides they had Cy Young on the mound when it counted. Jimmie Collins aggregation was lucky to win the first, third and fourth games. After that, the Beaneaters hit their stride and took the next four, to make it five out of nine.

Since 1903 America has moved west and taken baseball with it. The 1946 Beaneaters—if anyone still calls

them that, instead of the Red Sox, are meeting a team from St. Louis, product of a farm system which worked so well that Boston copied it and finally, this year, realized its long-thwarted ambition to win an other American League championship. After winning in 1903 and again in 1904, Boston waited until 1912 to repeat. After that it won in 1915, 1916 and 1918—But never again. Every time it finished first in its league, it won the ensuing world series, except in 1904 when New York's National Leaguers refused to play. This helps to explain why the odds favor Boston in 1946—this and one of the best baseball teams ever assembled to do honor to the American tradition that while baseball is preserved the union will be preserved too.

The Stars Say

For Wednesday, October 9

THE indications based on predominant astral operations are for a very lively and exciting day, in which the mentality, ambitions, skills and aspirations, as well as the emotions and romantic spirit of adventure, are under high stimulus for quick action, keen grasp of opportunities and exceptional circumstances.

Such desirable and alluring status seems to move definitely "on the up and up," when suddenly an unforeseen and unprecedented situation may arise to "take the breath away" and possibly disrupt current plans and procedures. It might be some hasty romantic adventure in which the emotional urges relegate sound logic and sane conduct into the background.

Those whose birthday it is may be deep in the midst of a creative, progressive and prosperous year, with the mind alert, the energies stimulated and the ambitions well developing when suddenly "from out the blue" comes some sort of upheaval, disruption or devastating circumstance in which sound objectives and plans are thrown into the discard, perhaps in favor of a thrilling romantic adventure, in which love affairs or some strange enterprise sweeps the judgment aside, under the grasp of emotional incitements.

An erratic or youthful urge may unsettle the reason and create nervous and physical tensions, postponing well-meant endeavors and aspirations.

A child born on this day will have excellent equipment for success and progress but may be easily swept away by its emotions or an irresistible spirit of adventure.

A wealthy alumnus gave a college 1000 volumes of humor. And with so many freshmen on the campus, too.

GUARDING YOUR HEALTH

Symptoms of Lung Cancer

BY HERMAN N. BUNDESEN, M. D.

IT is a grim fact and one worthy of attention that at least 15,000 people in the United States die each year of cancer of the lung. Men are more often afflicted than women and for them, the lung would appear to be the second most common location for cancer, only the stomach being a more frequent site of this disease.

Early diagnosis is the only hope when cancer attacks an organ as vital as the lung. Thus, it is terribly unfortunate that in the beginning, when the growth is small, X-ray examination usually shows nothing abnormal.

Persistent Cough

An irritating and persistent cough, however, develops early. Sometimes, blood is brought up and there may also be some wheezing. Hence, it is of great importance that anyone showing signs of continuing disorder of the lungs have special examination made to determine whether or not cancer is present.

One of these involves the use of the bronchoscope, an instrument made up of a tube with lights that can be passed into the lung. A bit of tissue can be removed through the bronchoscope and examined under a microscope to determine if cancer is present.

Once a diagnosis of lung cancer is made, immediate operation is advisable in most cases. X-ray and radium treatments may also be of some help.

The symptoms of cancer of the lung are due to irritation and destruction of the bronchus which is one of the large tubes of the lungs. As the growth enlarges, the air passage will be blocked, and there will be stretching of the air sacs in the lung, called emphysema. There may also be some collapse of the lung tissue, called atelectasis.

As the cancer invades more and more of the lung tissue, more severe symptoms develop such as pain, the coughing up of large amounts of sputum, and loss of weight.

By this time it may, of course, be too late to do much for the patient. Not only will a great deal of the lung have been destroyed by the widespread growth, but cells from this original cancer may have

traveled through the blood stream to the brain or spinal cord, setting up new malignancies there.

This process of sending out new colonies of cancer cells to other locations is known as metastasis. It may occur with almost any cancer but it is especially likely in cancer of the lungs.

This is the dreadful course of this dreadful disease and nothing could emphasize more strongly the urgent need for its early discovery or bring home more forcibly the fact that any one who suffers from a persistent cough should lose no time in consulting a doctor.

Letters to Dr. Bundesen should be addressed in care of 235 E. 45th st., New York City.

Columbiana Saddle Club Dines Today

COLUMBIANA, Oct. 8.—The Columbiana Saddle & Bridle club will hold its first fall indoor meeting Wednesday evening at Oakdale Gardens.

Dinner will be served at 6:45, to be followed by entertainment, including pictures of the horse show which will be presented by Dr. C. W. Dewalt; humorous readings by Wilford Sheely, and music by a male quartet consisting of Russell Barrow, Lauren Shank, Leland Lipp and Chester Burdick.

Plan Golden Wedding Fete

Mr. and Mrs. A.H. Woods will celebrate their golden wedding anniversary at their home in Middleton next Sunday with open house from 2 to 4 and 7 to 9 p. m.

They will be assisted in receiving relatives and friends by their three daughters, Mrs. E. A. Hitchcock, Mrs. E. L. Cope and Mrs. E. P. Johnson, all of Columbiana, and a son, Harry L. Woods of Lisbon. Another son, Arle Woods of Lancaster, Calif., will be unable to be present.

Mr. and Mrs. Woods were married by Rev. J. M. Carter in New Waterford, Oct. 15, 1896. Mrs. Mary Williams of New Waterford is the only other person living who was present at the wedding. Mrs. Woods is the former Ida Yarian. Both are in good health.

They have three grandchildren living. One grandson, Robert E. Lipe of Columbiana, a son of Mrs. Hitchcock, gave his life while serving in the Air Corps in the Pacific theater. He was missing more than two years before his death was confirmed.

Wedding March Becomes Dirge With Death of Bride

Rose DeFabrizio, 21, of Lawrence, N. Y., and John Mastantuono, 21, were high school sweethearts. They became engaged three and a half years ago when he entered the Army, and when he was discharged early this year they began to plan their wedding. They bought furniture, linen and silverware and finally found a house. Then they set the big day. It was very exciting for Rose, and when she entered the Church of Our Lady of Good Counsel at In-

wood, Long Island, with her father, left above, her happiness was almost too much for her. A few minutes later she was walking down the aisle, and John was in a nearby room awaiting his cue. Rose's train became entangled and her father leaned over to straighten it. Rose collapsed. Outside, they gave her artificial respiration, at right above, but it was no use. Her physician said embarrassment, added to excitement, overburdened her heart.

Program Of Book Club Is Enjoyed

Opening its 36th season with the Monday afternoon session in the public library assembly room, Book club members began the year's study, "Gleanings Here and There."

After the roll call, "Values of Education," Mrs. E. R. Woods, the new president, gave greetings.

"Where American Culture Began—Yale, Harvard, Princeton" was the subject of an interesting paper by Mrs. Willis Hole.

A book review, "Impressario" (Hurok) by Mrs. J. Raymond Stiver was much appreciated.

Mrs. Loren Early entertained with two vocal solos, "A Dream" (Bartlett) and "A Little Pink Rose" (Bond). She was accompanied by Mrs. John Morton.

The president announced her appointments as follows:

Parliamentarian, Mrs. W. P. Davis; club critic, Mrs. Ross Clay; movie critic, Mrs. Joseph Waechter; book critic, Mrs. Irving Megral; scrapbook chairman, Mrs. E. S. Huffman.

A tea was enjoyed following the program. The table presented a beautiful appearance. It was laid with a white cloth, had a center arrangement of bronze mums, flanked with white tapers in crystal candelabra. Mrs. Woods and Mrs. Carl Willman, the latter first vice president, poured.

Fifty-two members were served. The next meeting is set for Oct. 21.

Music Federation to Meet In New Philadelphia

Mrs. Elmer T. Coyle of Columbiana, member of the Salem Music Study club, will have part on the program at the annual meeting of the Middle-East district, Ohio Federation of Music Clubs, on Saturday at New Philadelphia.

The meeting will open at 10 a. m. with greetings by Miss Marjorie Maurer, New Philadelphia. Mrs. Coyle will give the response.

Reports will occupy the morning session. The Junior and Teen-age program is scheduled for 11:30.

Dr. Richard T. Gore, head of the Music department, Wooster college, will give an illustrated lecture on "Church Music," using the organ for demonstration purposes. His address will follow the 1 p. m. luncheon.

Elmer Mathias will entertain with vocal solos at the afternoon session, which will be highlighted by solos and an address, "Musical Therapy," by Ann Moray of New York City. Lucie Soprano, Mrs. Roy Grams will offer harp solos.

Mrs. H. K. Mouser, state chairman of music in hospitals, and Mrs. William Wandell, state chairman of war service extension, also are scheduled on the program.

Musical Culture Club Initiates 10 Members

New members were initiated and a program presented at a meeting of the Musical Culture club Monday evening at the home of Eleanor Buta, Depot rd.

After the national anthem and Junior hymn were sung, the Junior pledge was recited.

A brief program resume was given by Shirley Baldinger, program chairman.

These numbers were offered:

Piano solo, "First Movement of the Moonlight Sonata" (Beethoven), Sally Lou Ziegler; violin solo, "Dark Eyes" (Arranged by Ambrose), Nancy Stockton with Marge Haessly accompanist; violin solo, "Soldier's Farewell" (Gerard), Janet Trisler accompanied by Shirley Baldinger; accordion solo, "My Treasure," Betty Herganrother.

A Wiener roast plus refreshments were enjoyed at the social period.

Couple Married Oct. 1 At East Palestine

Mr. and Mrs. Otto Flowers of East Palestine announce the marriage of their daughter, Arlene, to Wilfred Tunnat, son of Mrs. Emma Tunnat of Washingtonville, which took place at 7 p. m. Tuesday, Oct. 1, at the groom's home.

For her wedding the bride wore a teal blue suit with black accessories and a corsage of American Beauty roses. Mrs. Marion Royce was her sister's matron of honor and wore a black tailored suit with harmonizing accessories and a corsage of white carnations. Edward Alcorn was best man for his brother-in-law.

Rev. Martin of the East Palestine Christian church officiated, using the single ring ceremony. A reception for 50 guests was held at the recently purchased home of the couple on the East Palestine-Unity road, where Mrs. Flowers received in a black crepe dress with matching accessories and Mrs. Tunnat, mother of the bridegroom, in black also. Both wore corsages of pink roses.

After a short motor trip the couple returned to their home where he is engaged in farming.

Viola Crider Is Bride Of Robert Chellis

At 3 p. m. Sunday in the Leontia St. Paul's Lutheran church in a beautiful candlelight ceremony marked with simplicity, Miss Viola Crider, daughter of Mr. and Mrs. Clarence Crider, R. D. 2, Columbiana, and Robert Chellis, son of Mr. and Mrs. Orville Chellis, R. D. 2, Leontia, were married.

Rev. T. P. Laughner officiated at the double ring ceremony.

Preceding the ceremony with Mrs. Merle Davis, as organist and Miss DeElla Smith, soloist, a program of nuptial music was presented.

The bride, who was given in marriage by her father, was lovely in a wedding gown of brocade tulle with finger-tip veil. She carried white chrysanthemums tied with white satin ribbon.

Leading the wedding procession was the matron of honor, Mrs. Elbert Lynn, sister of the bridegroom, who wore a pink chiffon gown with pink headress and her bouquet was chrysanthemums tied with blue satin ribbon.

Miss Germaine Crider was her sister's maid of honor and wore a blue brocade tulle gown similar to the bride's with blue headress. Her bouquet was of pink chrysanthemums tied with pink ribbon.

Carl Farmer was best man and Daniel Crider, brother of the bride and Elbert Lynn, brother-in-law of the bridegroom, were ushers.

Both Mr. Chellis and his bride are graduates of Fairfield High school. He served for three years with the U. S. Navy Pacific fleet.

Following a short wedding trip, Mr. and Mrs. Chellis will reside with the bride's parents until their new home is completed on Route 558.

Mrs. Theresa Rousher of N. Ellsworth ave. has returned from Akron, where she visited friends.

Floyd Floding of Troy has been called home by the death of his mother, Mrs. Frank Floding.

Farm Leaders Agree On New Six-Point Program

(By Associated Press)
BUFFALO, N. Y., Oct. 8—A six-point program to promote "a sound and prosperous agriculture serving the nation and the world" has been agreed upon by 24 leaders of three national farm organizations representing approximately 4,000,000 farm families.

In a joint statement at the conclusion of a four-day conference, Albert S. Goss, master of the National Grange, Edward A. O'Neil, president of the American Farm Bureau Federation, and Quentin Reynolds, president of the National Council of Farmer Cooperatives, said:

"The primary purpose of the meeting was an exchange of views, opinions and information designed to promote increased cooperation in the development of programs for building within a free enterprise system a sound and prosperous agriculture serving the nation and the world."

Main Objectives

Major objectives agreed upon were:

1. Revision of the party formula "to promote development of a yardstick for measuring the basis for a fair relationship between agricul-

ture and industrial goods and services."

2. Study of a permanent price support program "with a view to developing a program which would lead to balanced abundance and efficient use of natural resources."
3. Increased attention to disposal of surpluses through upgrading of diets and development of new uses for farm surpluses;
4. Development of "a practical and workable program for adding greater stability to the general price level;"
5. Consideration by the United Nations food and agriculture organization of the use of international commodity agreements as a means of achieving "more stable agricultural prices and improved world nutrition;"
6. The need for an international federation of agricultural producers "to function as a conference body in bringing about closer cooperation among the farmers of the world."

way and "Pershing. The north part of the building will be two stories to house city offices, the fire department to be housed in a one-story structure adjoining the office building to the south.

With a main entrance on Broadway and another entrance on Pershing, the ground floor will include public rest rooms, waterworks office, firemen's quarters, police headquarters and cells blocks for men and women, with three-car garage space in the rear for police cars.

The second floor will include council chambers, offices for the engineer, auditor, mayor and health board. A fireproof vault for records will be provided in the basement. The fire department main exit for trucks will be on Broadway, with a rear entrance from Fibert st.

The maximum cost for the school program will be 2.4 mills for 20 years, for City hall one mill for 16 years. However, these figures are based on 3 per cent bonds and the market price is not expected to exceed one and a half per cent. This will reduce the cost of both issues.

a Tip
to husbands who appreciate good cooking

YOU ease back in your chair a little, light up a smoke and take a sip of your second cup of coffee. Man, it sure is relaxing to eat a good dinner!

Ever wonder how your wife cooks those wonderful meals?

Well, in spite of what some ad writers say, it's no easy job. First, there's planning. Sure she knows your favorites—but she has to mix 'em up a bit or they wouldn't be favorites very long. Then there's shopping. Chances are, these days, she has to cover a lot of stores and then make a fast change in plans because what she'd like to buy can't be found. And, unless you're a lot more flush than most fellows, she has the very dickens of a time balancing the food budget, too.

After this comes the know-how with the recipes. Just the right touch of this and that. A little too much of this, or not enough of that—and—bloody!—there goes your nice dinner. But your wife's a good cook—she remembers more details than you'll find in an O.P.A. directive—so you're pretty safe here.

Comes the final step. The actual cooking of the food. And if she has to get along with an old jalopy of a stove, she's certainly in for a rough time. Watching things every minute. Making a lot of fast calculations mixed up with some darn good guessing. In doubt about the results right up to the finish. By the time she gets that dinner on the table, she's likely to be wondering if it's worth while after all.

Sure—being a good cook has its compensations. She gets a lot of real satisfaction in your enjoyment of her cooking . . . in seeing that you and the kids are well fed . . . in being able to have super-special meals for your friends. But oh brother!—if she doesn't have a modern automatic Gas range, how she'd like to send that old stove to the junk pile and get one of those beautiful new ranges.

What a help that would be!

And if you take this tip to heart . . .

Then take your wife on a little shopping trip to your Gas Company office or to Registered Gas Appliance Dealers. You'll be able to see some of the new Gas ranges. And if you make your decision now, you'll be sure of earliest delivery.

Full Scholastic Card Again This Weekend As Quakers Meet Wellsville, Clippers Play Bears

SALEM FAVORED OVER WEAK BENGAL FOE; HEADLINER IN COLUMBIANA FRIDAY EVENING

Mid-season weekend in the Columbiana county district sees little let-up in the grinding football schedules being played by district high schools. Salem's Quakers entertain at home again this week before beginning a two-week "away" period with games booked at Struthers and Girard. Coach Merle Atkins' Wellsville Bengals—experiencing a rough and tough season—will be at Reilly stadium this Friday.

Other district games bill the intense rivalry of the annual Leetonia-Columbiana game at Columbiana Friday, Poland at East Palestine on the same night and Lisbon at Sebring in a nocturnal Tri-County league game. With Salem having a two wins and two lost record and Wellsville literally swamped in three encounters while winning over a weak Youngstown North 9-17 earlier in the year, the game here Friday looms as a somewhat one-sided affair, barring a tremendous improvement in Wellsville technique.

Probably the headliner of the week in this area will be the Leetonia-Columbiana clash—with the tables almost identically turned this year as compared to 1945.

In 1945 Coach Charlie Mathers' Leetonia Bears boasted an unblemished four-game streak when they met Columbiana, while the Clippers had dropped two of four games and were rated as lowly underdogs.

This year it is the other way around, with Columbiana undefeated in four games and Leetonia whipped three times in four.

All the odds point to Columbiana in a walk, but after the Clippers' 9-0 tie with previously untouchable Leetonia last season, predictions are apt to be out-of-line. It looks like a terrific battle all the way.

Howard Parker's undefeated East Palestine Bulldogs seem slated for easy picking this week, meeting a weak Poland team that has been trampled all over since the start of this weird gridiron season.

The Bulldogs will be home for the second straight week and from last week's mad-house fray against Lisbon, they seem to be happy there. If ever there was a team set to rebound and rebound with a fust, it's Coach Edwin "Bud" Bucher's Lisbon High Blue Devils!

The Blue and White charges are literally black and blue after thrilling 9-7 loss to East Palestine Friday and it looks from here like the heating will be handed this week to Tri-County for Sebring, a heavy and methodic but sometimes effective eleven, which lost to Palestine 15-0.

Bucher's Tri-County chances depend on two things: Winning all the rest of the loop games, including Lisbon and East Palestine, it's Columbiana for the crown—otherwise it appears to be East Palestine. East Liverpool remains idle this week.

Up Alliance way a formidable, but once-beaten, Alliance Aviator crew will take another annual crack at mighty Massillon—a blessed this year with the best chance in 15 years of defeating the powerful Tigers.

Coach Mel Knowlton's bolstered Alliance outfit had been ripping all opposition open at the seams, but ran into trou-

b'e against Zanesville last week and lost a heartbreaker.

Five Alliance touchdowns were called back because of penalties and the Flyers lost out 14-13 in a thriller.

All Stark county will have its collective eye focused on the Mount Union stadium Friday, but it still seems like too much Massillon power.

Salem Junior High Drops Leetonia 19-0

Amassing all its scoring in the first half, Salem Junior High won its first start of the year Monday night at Reilly field, topping a scrappy Leetonia Junior High team by a 19-0 score.

The game was a prelim to the Reserve-Wilson tilt.

Salem tallied twice in the first quarter and again in the second. Peters, Copacia and DeCola chalked up the six pointers for the locals. Davis plunged for the only extra point.

The Red and Black held quite a weight advantage over their rivals, but were held scoreless throughout the last half.

Salem Jr. High Let. R. Davis, Fredrick, I. G. Snelly, Louzenhiser, I. G. Mudgett, Bush, C. C. Altmore, Colan, R. G. Hedel, Ferrence, R. T. Perry, Peters, R. B. Clunen, Copacia, R. B. Salem Harriers Win Against Boardman

Coach Fred Cope's cross country team defeated Boardman in a recent meet at the Salem Golf club 32-23, low score winning. Letterman Glen Thorne ran the best time in the event, besting the entire field by a considerable margin.

Second place was taken by Gillis of Boardman.

CARDS WIN MAY BE OMEN OF SERIES UPSET THIS YEAR

Team's Fire, Inspired By Dyer, Leads Scribe To Anticipate Reverse

BY JACK HAND
ENROUTE TO BOSTON, Oct. 8.—Harry (The Cat) Brecheen's darting screwball, the best any left-hander has shown since Carl Hubbell quit, has restored the 1946 World Series to an even proposition.

As the teams took the day off for travel to Boston's Fenway park after splitting the first two in St. Louis, Manager Joe Cronin of the Boston Red Sox still had an ace up his sleeve—Dave (Boo) Ferriss, who had reeled off 25 victories of the Sox' total of 104. But he now will be able to see only limited action.

By holding out Ferriss to work the third game tomorrow against Murray Dickson at Fenway park, Cronin probably will be unable to get more than two games out of his ace winner.

More than one baseball observer sensed in the Cardinals' aggressive play during the first two games the hint of a tremendous upset of the pre-series dope—an upset comparable to the one the fleet 1942 Red Birds handed the mighty New York Yankees.

Billy Southworth was gone, but Eddie Dyer, a new type of inspiring leader, had come along with a blend of young players and such holdovers as Terry Moore, Enos Slaughter, Whitey Kurowski, Marty Marion and Stan Musial, then a rookie with the '42 world champs.

While losing the opener in 10 innings 3-2, and grabbing yesterday's second game 3-0, the Cardinal pitchers have turned back Johnny Pesky, a .335 hitter, without a hit in nine at-bats. They also have held the great Ted Williams with the "Dyer shift" to one hit in seven trips. Rudy York's game-winning homer in the first game was the only Boston extra base hit. The Birds have registered four doubles and a triple.

Brecheen's swerving screw ball came in for the most attention in the American league club house. The talented southpaw from Broken Bow, Okla., winner of 15 and loser of 15 in the regular season, counted five shutouts in his record before yesterday's brilliant job that stopped Boston 3-0.

The series now will continue at least through Friday at Boston, and is quite likely to be carried to a sixth game Sunday back at Sportsman's park. A seventh, if necessary, will be played in St. Louis a week from today, after a Monday off for selling tickets.

Big Woodrow Wilson Eleven Defeats Salem Reserves 24-6

Youngstown Woodrow Wilson gave indications Monday night at Reilly field that its wealth of football material will not end with the 1946 season as the tough, heavy, fast Reserve squad toppled the Quaker reserves to the tune of 24-6.

The Red and White exhibited some fast, hard runners and a couple of fine passers. In addition to a rugged forward wall in racking up the victory. The advance billing of being one of the best Reserve squads in the district was not exaggerated a bit.

The plucky Salem team, however, drew first blood in the game as it scored its only touchdown in the first few minutes of the initial quarter.

Recovering a fumble by Wilson on the opening kickoff, the Quakers took the ball from the opponents' 33-yard line and went across in about six plays. The drive featured runs by Danny Crawford, Tom Holzbach and Lee Ward. Ward scored from the one yard line.

Wilson took the second kickoff and hung on to it; coming down the field as though it meant business. D'Angelo, a fast little half-back, and Hannis, a huge fullback with plenty of drive, toted the pigskin to the Salem 28, but there the Quakers held for downs and took over.

The visitors, however, recovered a Salem fumble on the Red and Black 40 to regain possession. Hannis, D'Angelo and Costello, another speedster, carried to the Salem five as the quarter ended.

Costello skirted left end to score as the second period began. From then on Wilson was not to be headed. After having three touchdowns called back for penalties, they finally pushed Hannis across from the two yard stripe late in the quarter. The half ended 12-6.

The Wilson third score was set up by a 20-yard punt return by D'Angelo to the Quaker 26. In three plays they drove to the Salem one yard line. From there it was Hannis again for the score.

The Salemites came back in the fourth quarter to make it more interesting, but not before Wilson had racked up the fourth "TD." The tally, this time, came on a ten yard dash by Costello, after D'Angelo

Registration of Ohio Voters High

(By Associated Press)

Voter registrations for the Nov. 5 elections reached a new high in populous Ohio counties, a survey today showed.

The heavy registrations before Monday night's deadline surprised election officials in several areas. They had predicted a general apathy for the "off-year" balloting. (Registration is not required in Salem).

Cuyahoga county reported 645,000 persons qualified to vote, topping the previous record total of 631,785 for the presidential election year of 1940.

A total of 57,000 registrations were tabulated on the final day, Monday, at Cleveland but election officials estimated about 15 per cent were unaccountably qualified by having voted in the past two years.

Franklin county (Columbus) totaled 154,120 qualified electors, a new off-year high. The previous top for a non-presidential year was 150,280 in 1942. The peak registration was 171,064 in 1940.

Mahoning county (Youngstown) reported 100,000 qualified voters, exceeding by 2,000 the previous record set in 1942.

Montgomery county (Dayton) set a new record of 178,772, compared with the previous high of 168,962.

Hurricane Loses Part of Its Sting

(By Associated Press)

MIAMI, Fla., Oct. 8.—A weakened hurricane which breezed across the Florida peninsula this morning was expected to remain inland with continued movement over southeastern Georgia and South Carolina today and tonight although strong winds were indicated as far north as Atlantic City.

The federal storm warning service in a 7:15 a. m. (EST) advisory placed the storm a short distance west of Jacksonville and moving 30 to 35 miles an hour with greatly "decreased intensity."

Jacksonville had felt winds up to 45 miles an hour in gusts with lowest pressure 29.20, the advisory stated.

The hurricane with early winds reported as high as 125 miles an hour at the center entered the mouth of Tampa bay about midnight with great loss of intensity and moved across the state's rich citrus belt.

The 7:15 a. m. advisory stated the inland movement of the storm "will cause further loss of intensity, and gale winds near the storm center will gradually moderate today and tonight."

"Precaution against high tides and squally shifting winds should be continued on the Georgia coast and northward to Charleston and strong winds occasionally reaching gale force will be felt as far north as Atlantic City today," the advisory concluded.

Will See Families

The other condemned men have been asked whether they wanted to see their families before the day of execution, but only six have applied. Ribbentrop, Frank and Col. Gen. Alfred Jodl have indicated, however, that they would apply some time this week.

Since the sentencing, an average of 50 letters daily, addressed to the condemned men, arrive at the jail. Most, Teich said, were "from people who do not like the defendants," and most are withheld from the doomed men. Goering gets more mail than any of the others, Teich added.

Nazi philosopher Alfred Rosenberg appears indifferent to his approaching doom, the security officer said.

Taft, Dewey Split On War Trial Plan

(By Associated Press)

Senator Taft (R-Ohio) renewed and expanded his criticism of the Nuernberg war crimes trials today, apparently widening his split with Gov. Thomas E. Dewey though he denied any "intention of making any political issue."

Dewey, potentially a rival of Taft for the 1948 Republican presidential nomination, came out bluntly last night in opposition to the views expressed Saturday by the Ohioan.

Democrats, meanwhile, had chorused criticism of Taft's remarks.

Today, Taft issued a statement reiterating the opinion that "the whole plan of the Nuernberg and Tokyo trials was extremely unfortunate."

He said he did not criticize the courts for the conviction "but rather the whole novel and hypocritical procedure of the victors trying the vanquished for the crime of making war, under the form of judicial procedure."

SALEM HAS ALWAYS BEEN THE PLACE TO SHOP

It was about the year 1807 when John Street, the son of one of Salem's founders, erected a log dwelling and a store room at what is now the corner of State and Ellsworth. There he opened the settlement's first store. John prospered and he soon had competitors.

Within a few years, farmers were making trips that often took days — to shop in Salem. The "roads" were frequently bottomless seas of mud and the farmers' wagons were drawn by oxen. But shopping in Salem was worth it.

Modern Salem has close to 200 retail outlets for nationally advertised goods. Merchandising authorities estimate that local stores serve well over 50,000 people from all parts of this district.

In the provision of collection, credit and other facilities adequate to meet the financial needs growing out of the city's retail trade, Salem's Oldest Bank has rendered one of its most important services for a century past.
